By requesting water service and payment of a connection fee, the recipient of water service hereby understands and agrees to pay a minimum monthly water bill whether connected to the system or not after such has been made available to the dwelling for a minimum of five (5) years.

After the five (5) year minimum, the recipient can disconnect from the water system for a disconnection fee of \$250.

Upon payment of \$250, the water tap will be removed from the property. This rate is subject to change at the direction of the Columbus county Board of Commissioners.

You will be provided with a blue flag that needs to be placed in the exact location you want your meter installed. If this flag is not there at the time of installation, the service crew will place the meter in the best location. The meter can then be moved, if necessary, at your expense.
